What is the optimal therapy for
hemophilia A? A 3-way debate

MSK TRACK

Muscle hematoma:
A neglected clinical issue?

PWBD TRACK

Considerations for treatment and
care of VWD

18:00–19:00

SATELLITE SYMPOSIA

19:00–20:00

POSTER NETWORKING EVENT

Program is subject to change

DAY 3

FRIDAY | APRIL 25

 General session

 Medical track

 MSK track

 PWBD track

8:00–9:00

MEDICAL TRACK

Von Willebrand disease

MSK TRACK

Annual General Meeting

PWBD TRACK

Towards an equal future for WGBD

9:00–9:15

BREAK

9:15–11:00

PLENARY

Advancing comprehensive care:
Practical strategies and multidisciplinary perspectives

11:00–11:30

NETWORKING

11:30–12:30

MEDICAL TRACK

What is the optimal therapy for
hemophilia B? A 3-way debate

MSK TRACK

Clinical cases

PWBD TRACK

Receiving care and treatment through a
cultural lens -
Shared decision-making

12:30–12:45

BREAK

12:45–13:45

SATELLITE SYMPOSIA

13:45–13:50

BREAK

13:50–14:35

SATELLITE SYMPOSIA

14:35–14:45

BREAK

14:45–15:45

MEDICAL TRACK

Management of surgery in bleeding
disorders

MSK TRACK

Pain management

PWBD TRACK

I "beat" hemophilia - The psychological
impact of transplant and gene therapy

15:45–16:00

COFFEE BREAK

16:00–17:00

MEDICAL TRACK

Rare bleeding disorders

MSK TRACK

Technology for remote / virtual MSK
assessment

PWBD TRACK

Managing bleeding disorders in
adolescence:
Overcoming obstacles and thriving

17:00–17:05

BREAK

17:05–17:30

CLOSING PLENARY

Open to all in the musculoskeletal field

Limited seating, arrive early

Program is subject to change
